Key to the colours

These are district events where schools qualify for County competitions

District leagues against some or all other schools in Wellingbrough and East Northants

Interhouse comps are for the years stated and are for everyone. We pick teams according to the houses.

These are county events where only the top two or one school from the district tournament qualify.

All finish times are approximate as some competitions may over run. If a teacher's name is next to the tournament they are the person organising the event. If you have any queries please contact our technician via email who books the fixtures at: t.abbott@wollaston-school.net between 11am and 3pm.
